**SYNCHRONET INTERMODAL SERVICES, INC. ANNOUNCES  
*DoorLogistics*<sup>™</sup>, A NEW ISO CONTAINER DOOR-TO-DOOR  
SERVICE**

**Virginia Beach, VA – October 25, 2012** – In response to customer requests, **SynchroNet Intermodal Services, Inc. (SIS)** ([www.synchronet.co](http://www.synchronet.co)) today announced its new door-to-door service, **DoorLogistics**<sup>™</sup>, which provides standard ISO container (20', 40', 45' container) door-to-door pricing and operational support services to the Company's customers. SIS' DoorLogistics offers access to a wide range of ISO container capacity in many inland and coastal origins to destinations across the U.S. and Canada. This new service provides ISO container visibility, competitive line-haul pricing and extensive power availability; as well as more cost-effective utilization and management of ISO containers by reducing empty miles in the supply chain and repositioning the boxes for international use.

"SIS' DoorLogistics provides tangible benefits for many of our customers. With the use of our comprehensive network relationships and integrated systems for service deliverables, our customers can work with SIS in a more seamless and efficient way," said Marc DiNapoli, Managing Director of SynchroNet Intermodal Services, Inc. "SIS' advanced automated systems that manage all operational activities, including intermodal equipment reservations, pick-up and delivery drayage, as well as rail line-haul are key differentiators in providing a quick, responsive and dedicated service to meet the many needs of our customers."

## **ABOUT SYNCHRONET INTERMODAL SERVICES, INC.**

SynchroNet Intermodal Services, Inc., (SIS) provides North American repositioning services to handle the surplus of empty containers from inland locations to port cities through one of two services: stack-train service and domestic interchange. Additionally, SIS provides match-back capabilities through its street-turn service and Export-in-a-Box™. For more information visit SynchroNet Intermodal Services, Inc.'s web site at [www.synchronet.co](http://www.synchronet.co), call 1 (757) 410-1762 or email [sis-info@synchronet.co](mailto:sis-info@synchronet.co).
